Sarah -

My voice is failing so I'm inserting the proposed requests:

1. The index/table of contents for the administrative record file, with an indication as to when it was last updated; and
2. With the exception of those documents that have already been provided to my office, any and all documents, including but not limited to, letters, emails, notes, memoranda, comments or other written correspondence, received by EPA regarding the National Remedy Review Board's review of EPA's anticipated selection of a remedy for the lower eight miles of the LPRSA from any source, including but not limited to: individuals; public, private and/or community organizations or groups; and any federal and state governmental agencies.

Please let me know if these cause problems for you.

Thanks,  
Karyllan
